

Q 1: How can a "NON" God express Himself through a group conscience of NON believers (atheists and/or agnostics)? Tradition 2

**Q 2: Did the 2010 General Service Conference violate concept 3 & 4 (overstepping the right of decision and/or right of participation?...
... or are they just exercising concept 5 (minority opinion) that was brought to the floor and voted upon, swaying the collective conference conscience to seek this input? (that is...assuming the conference wasn't made up of any atheists or agnostics who don't believe in a loving God).**

Q 3: If so, did the conference then violate the 5th warrantee by "incitement to public controversy"? or...

**Q 4: Was/is this action in line with the 4th warrantee in that it seeks discussion?...
"that it reach all important decisions by discussion, vote, and, whenever possible, by substantial unanimity"?**

Q 5: Is the 2010 General Service Conference in violation of Concept 10 or did they have the "well defined authority" to embark upon such an endeavor?

Q 6: Does this entire discussion violate the Spirit of Tradition One (disunity) and thereby mean that the 2010 General Service Conference violated the 12th Concept? ...or does this discussion lead to inclusion of our atheistic & agnostic brethren and thereby encourage the "common welfare" of AA members?

Q 7: If we object to this inclusion of NON-Belief input from atheists and agnostics, are we violating the Spirit of Tradition One (disunity) or are we in line with Tradition 12 & we are preserving the principle of keeping the AA message, (What's in the Big Book), from being watered down. After all God is only mentioned 125+ times in the first 164 pages...and that doesn't include:
